*Data has been re-classified to adopt a sectorization that is aligned with global best practices, including Government Finance Statistics Manual (GFSM) 2014, Public Sector Debt Statistics 2014 Manual, System of National Accounts (SNA) 2008, and Monetary and Financial Statistics (MFS) 2016. The new classification leverages on the Dhow Central Securities Depository (DhowCSD) system which has the capability to identify the ultimate holders of government securities. The new classification also captures information on any transfer of government securities that take place in the secondary market.
