

## THIRD-PARTY CREDIT INFORMATION PROVIDERS

The Credit Information Sharing mechanism is governed by the Credit Reference Bureau Regulations (2020). These regulations permit Credit Reference Bureaus (CRBs) to source credit information from third parties, thereby enhancing their databases and providing a comprehensive credit history of borrowers. By incorporating data from third-party Credit Information Providers (CIPs), CRBs can broaden their databases, provided they conduct due diligence on the sources and obtain approval from the Central Bank of Kenya (CBK). Third-party CIPs include entities other than commercial banks, microfinance banks, licensed non-deposit-taking credit providers, and deposit-taking savings and credit co-operative societies, which are mandatory subscribers. The regulations mandate customer protection and require a mechanism for handling customer complaints to ensure that disputes are resolved promptly and efficiently.

As at December 31, 2024, CBK had granted approval to CRBs to partner with the following third-party CIPs:
